One Light Theatre's Junior Internship Program Application

One Light Theatre is proud to offer our Junior Internship Program to talented young performers and technicians who are ready to take their next step toward a professional career in theatre. Whether on the performing or technical track, One Light offers a unique program that provides both educational opportunities and hands-on experience in a professional theatrical setting. Interns will have the opportunity to take workshops from our professional performers, technicians, and directors, as well as perform in or work on one or more mainstage productions, all while collaborating with other young talented thespians with like-minded goals.

The Junior Internship runs the duration of our mainstage summer season, from June 4th through August 16th. All interns are guaranteed to either perform or work technically on at least one mainstage production. When not working on this show, additional opportunities and responsibilities will include:

- Workshops and frequent discussion with theatre professionals currently working in the field
- Free access to all mainstage productions
- Performing in/working technically on One Light's Musical Revues
- Assisting in the daily work of One Light in various capacities (i.e. ushering, running concessions, building set, etc.)

To be eligible for One Light's Junior Internship Program, applicants must be between the ages of 15 and 19 years old. All applicants should complete and submit the attached application and include their theatrical resume.

- Anyone applying to be a part of the performing track must also include a headshot, and prepare an audition that includes a monologue and two brief, contrasting songs.
- All applicants for the technical theatre track must prepare a portfolio that highlights their best work in technical theatre, and schedule a time to present it to our team.

Though our start date is June 4th, we are very conscious of school schedules and will tailor the junior internship program's schedule accordingly at the beginning of the summer.
